) 7./ 27. 49.

Dear Allen,

I returned from Germany where I had a very successful time.

May be you are interested in an article I wrote for the Allgemeine Zeitung, the best newspaper in Western Germany. It occurred to me that the fifth anniversary of the July 20. was a good occasion to break my long silence.

After the elections I am going again to Frankfurt. Friends of mine asked my legal support in some pending litigations with regards to the so-called Restitution-law. Furthermore I accepted some highly interesting offers for magazine and newspaper articles about foreign and especially european questions - after the muddle of the last years there is a growing feeling that the few equal minded young people should stay and act together.

Besides that I am anxious to edit my book in a new and cheaper Volksausgabe.

So you see that I am very hopeful and busy. Hope you are very well, too.

Sincerely yours

Ping.
